Name: _____ Data Visualization Project Artist Statement

Please write an artist statement for your project. Your assignment should be typed and include proper spelling and grammar and be multiple paragraphs. **It should be a well-written statement that is a coherent thought**, reflective of the thought and effort that you put into your artwork.

Please see the course website for due dates. Please share the completed statement with Mrs. Pratt on through Google.

Due Tuesday, 2/11.

Your statement should address the following (but not necessarily in this order):

- Explain your project. What data are you visualizing and how?
- What new insights you are providing the viewer BECAUSE of the way you chose to represent your data in your visualization
- Evaluate your successfulness. Do you think you were successful? Why or why not? What would you change?
