

DIGITAL ART 1

Name: _____

Element Designs

Your first assignment for our Graphic Design units will be to create a series of Element Designs, responding to the list of words given below. Please be creative, thoughtful and do something unique. You will create 8 thumbnail sketches for each element given, one for each word. You will then refine 2 of them, and choose one final image for each element, creating it in Illustrator. We will go over this assignment in more detail in class.

Other important info:

- Please choose one word from the list to represent each element (so all thumbnails and refined sketches for the element will be about that one word).
- Except for the color element, you may only use one color

ELEMENTS: LINE | SHAPE | TEXTURE | COLOR

WORD LIST

1. PEACEFUL
2. JOY
