

NAME: _____

PICTOGRAMS REFLECTION

Please answer the following questions in depth (4+ sentences per response, provide specific examples from your experience and your pictogram!). Please submit it to me as a Google Doc.

Reflections are due Wednesday, 2/15

1. Describe your topic for your pictogram. Why did you choose it? If it's a redesign of an existing pictogram, how are you making it more inclusive and appeal to a wider audience? If it's a simple joys pictogram, how is it a simple joy?
2. Describe your pictogram visually and explain why you made the choices you did. When you describe your pictogram visually, you should describe specific visual elements (remember the elements of design we discussed!). Also discuss why you make the visual choices you did and how it helps convey the message of the pictogram.
3. Describe your pictogram installation. Why did you choose the location and placement that you did?
4. How do you see your pictogram being successful? Consider the elements of successful pictograms we discussed. In what ways do you have room for improvement in your pictogram?
5. Using pictograms as an example, what is art's role and responsibility in developing and changing community?
